JOHN MURPHY IS TAKEN BY DEATH

ANOTHER OF ROCK COUNTY'S
OLD SETTLERS GONE.

Jacob A. Tice An Old Pioneer Resident
Is Also Dead—Mrs. Eliza H. Farnsworth—Ebenezer Hawthorn and
Others Well Known Gone Over to
the Great Majority.

John Murphy, another of Rock county's old settlers, died at his home in the town of Rock, Sunday morning at 5 o'clock, aged eighty-five years. A complication of diseases attended upon old age, was the cause of his death. For the past forty years he had resided in this county, and was highly respected among his neighbors. He leaves to mourn his loss a widow and eight children: Peter Murphy, Hastings, South Dakota; Patrick, Hastings, S. D.; J. J. Delavan, Wis.; M. J. Janesville, Wis.; Mrs. Mary McMichael, Beloit; Mrs. Rose Goldard, Prescott, Arizona; Mrs. Lizzie Moe, Prescott, Arizona; and Mrs. Annie Maloy, Mexico.

They have the sympathy of the community. The funeral will be held from St. Patrick's church Tuesday morning at 9:30 o'clock, and the interment will be at Mount Olivet.

Mrs. Eliza H. Farnsworth, widow of the late J. A. Farnsworth, passed peacefully away Saturday night at the home of her daughter, Mrs. Isaac Farnsworth, 207 South Jackson street. Her death was caused by a complication of diseases incidental to advanced years.

Mrs. Farnsworth was a native of Fairfield, Franklin county, Vermont, and was born January 18, 1810, hence she was in her ninety-first year. She was the daughter of Col. Aaron Burr of that city, and in 1830 she was married to James Addison Farnsworth, son of Hon. J. D. Farnsworth of that state. They resided in Fairfield, where Mr. Farnsworth was in business twenty years; thence they moved to St. Albans, Vermont, and after residing there fifteen years, they removed to this city, where they have since resided. Mr. Farnsworth died in 1882, aged seventy-seven years. They were the parents of Isaac Farnsworth, late of this city; and Mary E. Farnsworth, who died in Burlington, Vt., aged twenty-nine years. One daughter, Mrs. T. M. Barber of Lancaster, Wis., survives her; also several grandchildren and great grandchildren.

Deceased was highly esteemed by a large number of friends.

The funeral was held from the family residence at 3:30 o'clock this afternoon, the Rev. R. C. Denison officiating.

Jacob A. Tice Passes Away.
A telegram to C. W. Schwartz, last evening, announced the death of Jacob A. Tice, formerly of this city, at the home of his son, H. A. Tice of Wellington, Kansas.

Deceased was one of the early settlers of Janesville, having located here in May, 1852, and for a great many years conducted a photograph gallery. Mr. Tice was born in New Jersey July 23, 1825, and was therefore seventy-five years of age. Beside a widow, two sons survive him, Henry A. Tice of Wellington, Kan., and Elmer H. Tice of Howard, Kan. The remains are expected to arrive in this city Tuesday evening, and funeral services will be held from his late home, 203 South Academy street, Wednesday afternoon at 2 o'clock.

The funeral will be in charge of Wisconsin Lodge No. 1, I. O. O. F., of which organization he was an honored member.

Ebenezer Hawthorn Dead.
Ebenezer Hawthorn died at his residence 61 Milton avenue, at 2:20 o'clock this morning. The funeral arrangements have not yet been made.

Ebenezer Hawthorn was born in New Hampshire in the year 1832 and when eight years of age he removed with his parents to Vermont and a short time after his father died leaving him to care for himself, and others of the family. An invalid brother and sister were for many years a cause of anxiety and care. He was a man of industrious habits and upright character and although not a member of any church, he felt that he was a Christian and had strong faith in God and enjoyed religious services. He was a devoted husband and an indulgent father. Several children preceded him to the better land and he leaves a wife and one daughter, Rosa, and son, H. W. Hawthorn of Mason City, Iowa, and several grand children to mourn his loss.

Robert Oakley Simmons.
Robert Oakley Simmons, the eleven months old son of Mr. and Mrs. Henry Simmons of the town of Fulton, died at the home of his parents Saturday morning at 12 o'clock. The cause of his death was spinal trouble. The little one was the light of the family home and the bereaved parents have the sympathy of the community. The funeral was held Sunday morning at ten o'clock. The interment was in the Fulton cemetery.

GIRL'S HAT CAUSES TRAGEDY.

Man Who Wears It as a Joke Is Killed
by a Hunter.

Denver, Colo., Oct. 15.—Arthur W. Greene, who jokingly tried on his fiancée's hat while on a photographing expedition, was instantly killed by a bullet fired from a distance of half a mile by a hunter, who mistook the millinery for a bird. The young woman, Miss Katherine Mockridge, is insane over the tragedy and may not recover, while C. W. Johnson, who fired the deadly bullet, also may lose his mind. The hat, which was decorated with a bird, just showed over the top of a knoll and Johnson, thinking it a rare chance, used it as a target. Miss Mockridge did not hear the shot, and when her sweetheart fell, supposed he was trying to alarm her. When she saw the stream of blood flowing from his temple she fainted.

JOHNSTOWN HELD REPUBLICAN RALLY

Asst. Atty. Gen. C. E. Buell and County
Clerk Starr Discussed Issues
of the Campaign.

Assistant Attorney General C. E. Buell of Madison and County Clerk F. P. Starr addressed the citizens of Johnstown and vicinity on the political issues of the day at Franklyn Hall on Saturday evening. The meeting was well attended.

Mr. Starr opened the meeting by saying that the democratic party had brought to the front as issues in this campaign the subjects of expansion, militarism, imperialism and trusts; but that as a matter of fact there is only one issue in this campaign and that issue is: Will you support the republican administration that has in the last four years redeemed this country from a condition of want, misery and stagnation of all business interests that words can never portray, to the most prosperous era ever known in the history of our republic.

In short are you willing to swap the industrial, commercial and financial condition of this memorable year 1900 for the conditions that existed in 1897? If so it is your duty to vote for Bryan, Stevenson and Bohmrich. If not it is your duty as a man and as a citizen and as a lover and promoter of the welfare of your country to vote for "Billy, Teddy and Bob."

He dwelt for a short time on the principles of the proposed primary election law and closed with a plea from a non-partisan standpoint for the vote and influence of the voters of Rock county in favor of the proposed sailors and soldiers' monument.

Mr. Buell took up the subjects of expansion, militarism, imperialism and finance and handled each in a thorough and masterly manner.

AFTON
Afton, Oct. 15.—The diphtheria scare has abated and school will probably be reopened again next Monday. The two victims of the disease are up and about again once more and no new cases are reported.

Mrs. Mary A. Waterman, for many years a resident of our village, has sold her village property to Dick Brinkman and gone to Janesville to reside with friends there. The property purchased by Mr. Brinkman consists of a house and lot very conveniently located, for which he paid the sum of \$370.

Painter Coleman and a couple of assistants were down from Janesville last Thursday, giving the residence of U. G. Waite a coat of paint.

The republican rally, which was slated for last Monday evening at Brinkman's hall had to be declared off on account of the diphtheria scare. Hon. C. E. Buell of Madison, was to have been the speaker. Afton has had no rally by either party as yet.

Afton people will note with much interest the movement among Beloit farmers and business men looking to the holding of a county fair next year.

Quite a number of Afton democrats went to Janesville last Wednesday evening to hear Candidate Bohmrich tell why he should be elected governor. They report a very enthusiastic meeting and an outpouring of the faithful that filled the opera house.

Miss Alice Eldridge has returned home from an extended visit with friends in Chicago.

Owen Gower is having a kitchen built on the west side of his dwelling, M. K. Van Slyke being the architect.

Mr. and Mrs. J. F. Bolte left for Okla. home this week, the former going Monday with a car of household goods while Mrs. Bolte went Wednesday morning.

Superintendent David Throne and family are once more residents of Afton, having moved up from Beloit last week. They reside in the Powers house recently vacated by Dr. Lockyer.

RESENTS CENSURE OF THE UNIVERSITY

Bitter Attack Made at Presbyterian
Synod Has Created Much
Indignation.

Madison, Wis., Oct. 15.—[Special]—The bitter attack upon the State University, made at the session of the State Presbyterian synod at Waukesha last week, has aroused the resentment of the student body at Madison. The censure of the students and the institution by the elders at Waukesha is freely characterized as unwarranted and born of ignorance or willful misrepresentation on the part of the accusers. The fact that one of the most violent of those who took part in the Waukesha outbreak is the president of a rival college, is cited as an explanation of the motive for the attack.

The Daily Cardinal, the student organ at the university, in editorially replying to the statements of the elders, under the head of "Unreasoning Attacks," has the following to say:

"It seems incredible that any thinking man should declare that the state university is an outrage upon a republican form of government. Where would thousands of our bright young people be obtaining an education if they were denied the privilege and opportunities of our free state universities?"

"Further, no student old enough to attend college should be allowed to do so until he has acquired sufficient moral power and self-control to resist the temptations that will inevitably be thrown in his path, either in college or afterwards. We would be loth to think that these attacks are made from personal motives, but the animus is hard to imagine unless it is due to mistaken information or to selfish interests. Not only are the wholesome denunciations unfounded but they betray a most deplorable lack of public spirit and public loyalty. It is to be hoped that the gentlemen preferring these charges will see fit to set themselves right and put themselves on record as regretting their ill timed utterances."

GENERAL AIR OF PROSPERITY

Farming Districts of Union and Magnolia Townships

In taking a trip through the farming district of Union and Magnolia townships we cannot but be impressed with the comfortable and often elegant residences and the general air of prosperity.

The drudgery formerly connected with farm life is now performed by improved machinery which gives leisure time for reading and recreation for the farmer of today has learned important lessons in the practical fields of every day life, using more brain and less muscle—does more planning than our forefathers.

The weather conditions have been favorable for rain in this section.

Ample rain-fall has put the ground in fine condition for plowing and the rye has been about all sown, pastures are in exceptionally good condition and in a few instances farmers are getting their third crop of hay.

Corn-cutting is over and many have begun cribbing. It is heavily eared and promises a fine yield.

The farmers are working for a free mail delivery and the promises are bright that same will be in operation soon.

The people in this section understand these are prosperous times and want four years more of the same kind.

JEFFRIS AT BELOIT DRAWS BIG CROWD

Points to Local Bank Deposits as
an Evidence of Improved
Conditions.

M. G. Jeffris of this city, opened the campaign for the republicans in an effective speech in the new opera house at Beloit Saturday night, and the republicans gave him a grand audience. Touching on the Bryan fallacies and to show that instead of financial ruin there had come prosperity in Beloit as elsewhere, Mr. Jeffris quoted bank figures for Beloit showing that in the four banks there were deposited \$1,024,000, as against \$877,000. He also showed that the deposits of the Beloit Savings bank, which is principally in small sums, had increased \$371,000 in four years, or 189 per cent. Mr. Jeffris ridiculed Bryan statesmanship and referred to an incident in Illinois where at a little town Mr. Bryan in arguing that there was not so much prosperity as republicans claimed, asked all his audience who had loaned money to England to hold up their hands.

She has succeeded admirably with mixed farming, fruit raising, grazing and dairying, at the same time constantly improving the land.

SILVER AND COTTON.

Bryan's Theory as to Parity and Price Is Disproved.

Owing to Good Times of the Past Four Years the People Are Using More Cotton Than Ever Before.

Everything seems to go wrong for the silver theorists. Their claim that wheat and silver kept pace was long ago exploded by the fact that while silver has continued to fall since 1896 wheat and practically everything else produced by the farmer has continued to rise. Their last attempt, however, in the effort to sustain this argument was cotton, which continued to fall in price until 1899.

They studiously avoided the fact that the cotton production of the United States, the world's chief cotton producer, has enormously increased, and that this fact accounted largely for the decreased price, but kept hammering away with their assertion that the simultaneous fall in the price of cotton and silver was proof of the accuracy of their general claim that the price of silver governs the price of farm products. But now the last prop is knocked from under this theory by the fact that cotton is selling in the New York market for double the price of 1898 and 1899, while silver continues its downward course.

The price of an ounce of silver in March, 1896, just prior to the nomination of Mr. Bryan, was a little over 70 cents and the price of a pound of cotton was 7 1/2 cents; or, in other words, in 1896 it required ten pounds of cotton to buy an ounce of silver; to-day an ounce of silver is worth 62 cents and a pound of cotton over ten cents, so that it now only requires six pounds of cotton to buy an ounce of silver instead of ten pounds, as was the case in 1896.

The fact is that the price of cotton, like that of everything else, is governed by the ability of people to buy and the relation of production to the world's demand. Under the prosperity and manufacturing activity which prevailed in the United States in 1892 the home market took a much larger share of our enormous cotton crop than it was able to take under the business depression and inactivity of manufacturers which existed in 1894.

The official reports of the bureau of statistics show that the consumption of cotton in the United States, which amounted to more than 1,571,000,000 pounds in 1892, fell to 1,086,000,000 in 1894, a reduction of nearly one-third, while in 1899 the consumption of cotton in the United States amounted to 2,006,000,000 pounds, having nearly doubled as compared with 1894, and increased over 30 per cent. over the corresponding period of 1892.

The per capita consumption of cotton in the United States amounted to over 24 pounds for each individual in 1892, but it fell to less than 16 pounds in 1894, and increased to more than 27 pounds in 1899. Nearly 35 per cent. of the entire cotton crop was consumed, at home in 1892, and in 1894 less than 29 per cent. was consumed at home, while the figures for 1899 show a return to the conditions of 1892, the proportion of the cotton crop retained for home consumption in 1899 being again nearly 25 per cent.

The relative importance of the home market of this single item of cotton illustrates the value to the farmer of a prosperous market at home for any and all of his productions. The figures of the bureau of statistics and of the department of agriculture show similar conditions regarding the home consumption of farm productions in prosperous years as compared with years of terrible depression under democracy and a low tariff, in which people were compelled to reduce their expenditures for food and clothing to the very lowest possible figure, and the result is that the home market under the prosperity of 1900 is worth hundreds of millions of dollars more to the cotton planter than it was under the depression which is sure to return to the country in case Mr. Bryan and his followers are permitted to force upon the country their policy of free silver and a low tariff.

The following table shows the home consumption and exportation of cotton in the years 1892, 1894 and 1899:

Home Consumption.	Per capita.	Exports.	Total.
1892...1,571,000,000	24.00	2,006,000,000	3,577,000,000
1894...1,086,000,000	16.00	2,006,000,000	3,092,000,000
1899...2,006,000,000	27.00	2,006,000,000	4,012,000,000

Democracy's Trust Record.

At this time, when Mr. Bryan is talking about the "trusts" as if he were the only person in the country who is against them. It will, perhaps, be well to bear in mind that the democratic party when in power did not place any anti-trust laws on the national statute books. In the closing days of the last session it furnished the majority against an anti-trust bill introduced by the republicans in the house. When the Wilson bill was passed seven years ago by the democrats it contained some features that were put in so obviously for the benefit of the sugar and other trusts that President Cleveland refused to sign the measure and it became a law without his signature. He did not have the hardihood to veto it.

Wool Growers Are Prosperous.

Wool growing has received an unexampled impetus under the protective tariff of the Dingley law. In 1895 there were 38,298,783 sheep in the United States, valued at \$65,167,735. There are now 53,121,881 sheep, worth \$246,175,935. The flocks have almost doubled and their value is four times as great as under the paralyzing free wool schedule of the Wilson law.

SUNDAY'S BASEBALL SCORE.

Last Game of the National League Played at St. Louis.

St. Louis, Mo., Oct. 15.—Championship baseball was played by National league teams Sunday for the last time this season, St. Louis defeating Cincinnati in the final game on the schedule. By their victory the McGrawites placed themselves on a level with the Orphans in the percentage column, each team having won and lost the same number of games. Since both teams have played their full schedule there is no chance for deciding the mooted question of supremacy between the pair yoked together at the head of the second division. That fifth place should be thus snatched from them at the final moment seems a piece of hard luck to the abused Chicago team.

Goods for the Philippines.

New York, Oct. 15.—The next steamer that leaves Jersey City for Manila will take on board a large cargo of various popular American goods for the Philippines. There are hundreds of boxes of typewriting machines, crates of iron buckets, case after case of iron stoves, pots, kettles and pails. One local firm will ship a huge pile of soaps and perfumes and another will send pickles, preserves and canned provisions. The shippers hope to dispose of the goods easily as soon as the insurrection is over. They are taking it for granted that the war in Luzon will end before the close of the year.

Walcott and Childs.

New York, Oct. 15.—Joe Walcott, who has laid low all the good men in his class and some of the heavyweights, has been matched to fight Frank Childs, the Chicago colored heavyweight, on Oct. 29, at Tattersalls Athletic club, for the regulation six rounds.

Childs has a good reputation as a clever and hard hitting fighter, and his friends are sure of a victory for their favorite, basing their confidence on his two wins from Bob Armstrong. The fight is sure to be a good one.

Joshua Tevis Is Dead.

Oakland, Cal., Oct. 15.—Joshua Tevis, brother of the late Lloyd Tevis, is dead in this city. He was a native of Kentucky and took a prominent part in the politics of that state. He was district attorney of Louisville for several terms. In 1864 he came to California and engaged in the practice of law.

Crisis Is at Hand in Chili.

Valparaiso, Chili, via Galveston, Texas, Oct. 15.—The members of the Chilean cabinet have resigned for political cause. It is believed that the crisis is of short duration. No alarm is felt. President Errazuriz has convened congress for a special session, beginning Oct. 14.

ANEMIA

Pale, thin, weak, run-down, low spirits, no appetite.

Rosy and plump, fair strength, with pleasure in work, get hungry three times a day, and like good food.

SCOTT & BOWNE, 409 Pearl street, New York.

Going to bed to tumble and toss and dream; to pursue in vain the phantom sleep through long weary hours and rise to a new day unrested and unrefreshed. That is the way with many a woman, who is tormented by the aches and pains resulting from female weakness, and other diseases of the delicate organs of woman. Dr. Pierce's Favorite Prescription was made to cure just such cases and it does what it was made for. It heals ulceration and inflammation, dries debilitating drains, cures female weakness, strengthens the body, soothes the nerves and enriches the blood. It gives lasting strength for the day and sound sleep for the night.

"For three years I suffered continually," writes Mrs. L. J. Dennis, of 85 East College St., Jacksonville, Ill. "I sought relief among the medical profession and found none, until induced to try Dr. Pierce's Favorite Prescription. When I commenced taking this medicine I weighed ninety-five pounds. It built me up until now I weigh one hundred and fifty-six pounds—more than I ever weighed before. I was so bad I would lie from day to day and long for death to come and relieve my suffering. I had internal inflammation, a disagreeable drain, bearing down pains and such distress every month. But now I never have a pain—do all my own work and am a strong and healthy woman. Thanks to your medicine."
Biliousness is banished by the use of Dr. Pierce's Pleasant Pellets.

All work guaranteed and prices the lowest.

Nasal CATARRH

In all its stages there should be cleanliness. Ely's Cream Balm cleanses, soothes and heals the diseased membrane. It cures catarrh and drives away a cold in the head quickly. Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail; Trial Size, 10 cents by mail. ELY BROTHERS, 55 Warren Street, New York.

Let Democrats Answer.
If it be true, as the Democrats assert, that ships can be built in the United States as cheaply as they can anywhere, how is it that out of 400,000 tons of ships built in the United States last year all but 2,000 tons were for the coastwise or domestic trade?

MR. BRYAN'S WARNING

"If there is anyone who believes that the gold standard is a good thing, or that it must be maintained, I warn him not to cast his vote for me because I promise him it will not be maintained in this country longer than I am able to get rid of it."—Hon. William Jennings Bryan, Knoxville, Tenn., Sept. 16, 1896.

THE STATE UNIVERSITY.

The attack made upon the State University by the Presbyterian Synod at a recent session in Waukesha, while possibly warranted, will be regretted by the many friends of that institution throughout the state.

There may be students who are "not fit companions for clergymen's sons," although the world has yet to discover the peculiar difference between a clergyman's son and any other son. The descendants of the ministerial household are not above the average in point of morals or manners, and if, when they leave home for the university they lack the stamina to resist evil influences, something has been lacking in the home training.

Thousands of young men enter the larger university of life every year, where self restraint and self reliance are the only safeguards. Some of them fail, but the individual and not the university is held responsible for the failure.

The University of Wisconsin is an honor to the state. It is regarded as one of the best institutions of learning in the country, and while not distinctively religious, yet it compares favorably with other schools of its class in point of morals. With an enrollment of 2,400 it is not at all strange that the hoodlum and disorderly element should be represented, the same conditions would exist if they were all clergymen's children.

It is well to remember sometimes that the bad side of life like the boil on the nose is always prominent. Murder and crime are flashed over the country, and the man who reads nothing else says, "What is the world coming to," forgetting that over against this little cloud, "no larger than a man's hand" is a great world

of sunshine filled with charity and unclouded deeds of kindness.

The Board of Regents is composed of men of character and morality. The faculty of the University is endowed with the same possessions, as well as with a desire, backed by strenuous effort to make the institution strong both mentally and morally.

They deserve the encouragement rather than the criticism of all good citizens.

THE BRYAN WATCHWORD.

Bryan's watchword reduced to plain English is the same old complaint that socialism and populism and every other species of malcontent, delights to quote, namely that "the rich are growing richer, and the poor becoming poorer" under a republican administration. He knows every time that he gives utterance to that doctrine that it is as false as false can be, and he ought to know that the only men who are influenced by that kind of nonsense are the men who are too lazy to work or too shiftless to exist.

Mr. Bryan's own state, and in fact his own financial condition is a refutation of the doctrine, for if there is a state in the union that has been blessed with prosperity during the past four years it is the state of Nebraska, and this in spite of the fact that the citizens of that commonwealth voted against it. The people of the state sold their corn and burned mortgages last year, and this year they are trying to find a market for their money. Mr. Bryan himself was paying taxes from 1892 to 1896 on less than \$200 on assessed valuation of property, while this year it has increased to over \$4,000.00. Some of his money has been made on the sale of a book that no sane man would have bought during the Cleveland administration because money was so scarce to invest in that sort of luxuries. But conditions have changed and with money to burn a ready market has been found for a book as crazy as the one produced by Mr. Bryan. The book is called "The First Battle." It is filled with dire forebodings and predictions. On page 522 he says, "Only a few of our people will be able to wear shoes under the gold standard. And then he goes on:

"As it is with shoes so it is with clothing."

And yet people are wearing shoes and clothes of better quality than ever before and everybody is surprised.

IN THE TIEN-TSIN FIGHT.

Remarkable Bravery and Pluck of Two American Soldiers.

Presently the men begin to fool with the Chinese, sticking their hats up on cleaning rods from behind the mounds, says the China correspondent of the New York Sun, writing about the Tien-tsin fight. We can see it as plainly as if we were there, but it draws a lively fire and is not amusing to watch. It was here that Captain "Reddy" Davis, one of the best fellows in the corps, was killed. He was talking to the colonel when he got a bullet through the heart. Here, too, Butler, one of the most efficient of the youngsters, was hit in the leg, the complement of the wound Captain Lemly got in coming up to the mud wall.

Captain Norton, the surgeon, and Lieutenant Leonard, the battalion adjutant, volunteered to take him off the field and did it unhurt, although Leonard was nearly exhausted by the tremendous exertion. Lemly and Butler put their two wounded legs together, and hobbled off as if trying to run a three legged race. Then Leonard started back just in time to fall in with Captain Fuller's company going in to support the Ninth. Across the awful field he went for the third time and had almost got to cover when he was hit in the upper left arm near the shoulder. The bullet ranged downward toward the elbow, splintering the bone and severing the artery.

There was no one on the field then to give Leonard even a first aid dressing, and so with only a handkerchief tied around the arm in feeble attempt to form a tourniquet and with a sergeant and a corporal to help him he started back to cross the fire swept field for the fourth time. They ran, and every step pumped the blood faster through the severed artery. The Chinese marked them and tried their best to stop their progress.

Our men had nearly exhausted their ammunition and were firing slowly, but now the order went along the line to protect Leonard no matter what happened about the ammunition, and, firing carefully and deliberately at the loopholes in the wall, the men gave the Chinese such a warning that for a time they kept close to cover, and so Leonard got across and was hauled up the front of the mud wall. The excitement, pain and loss of blood had made him hysterical. He danced about, calling to the men who had brought him out:

"We're safe! We're safe! I never thought we could get across there alive again!"

Then he begged the men not to tell any one that he had acted so and went on again exclaiming that they had crossed alive. He had reached the wall below the dressing station and was bent on starting in at once for the hospital. There was no one to help him but a newspaper man, who tied another handkerchief about the arm, still bleeding fearfully, and started with him to the hospital. There wasn't a cart or rickshaw that could be impressed, and not a pony was in sight, so they had to walk the long mile and a half every foot of the way, an agony to the wounded man.

GIDEONS HOLD A SUCCESSFUL RALLY

JANESVILLE CAMP NO. 2 WAS
ORGANIZED YESTERDAY.

C. L. Crissie Was Elected President—
Services in the Presbyterian and
Baptist Churches—Closed With a
Grand Union Meeting At Congrega-
tional Church Last Night.

A very pleasant and highly successful rally was held by the Gideons in this city yesterday. A number of prominent officers and leaders of the society were present and took part in the exercises which were largely attended.

The consecration service was held in the Baptist church at 9 o'clock, and was conducted by James Payne, chaplain of Chicago Camp No. 1. A large number of Gideons and their friends gathered at this service which was very impressive.

The young men's meeting at the Y. M. C. A. auditorium at 3 o'clock was in charge of the Gideons and was one of the most pleasant of the day's rally. The meeting was opened with a concert by the Y. M. C. A. band and was very fine. The first address was delivered by A. A. Anthony of Springfield, Ill., who is a magnificent speaker and carried his audience with him. He was followed by an impressive prayer by the Rev. Robert C. Denison. The quartet also sang several selections during the meeting which were especially well rendered.

After the exercises were closed a local camp was formed known as the Janesville Camp No. 2. The work of organizing the same was carried out by R. L. Adams of Madison, national vice president.

The officers elected were:
C. L. Crissie, President.
A. W. Mayhew, Vice President.
H. E. Cary, Treasurer.

During the men's meeting a number of short talks were given by local Gideons in relation to their experiences.

A large audience assembled at the meeting held at the Presbyterian church in connection with the Christian Young Peoples' union of this city. The exercises opened with a selection by the orchestra, followed by a Bible reading by A. L. Adams of Madison, Wis. Miss Cora Anderson sang a delightful vocal solo with violin and piano accompaniment. A Phelps of Chicago delivered a stirring address as did also Mr. Anthony of Springfield, Ill.

The banner meeting of the day was the grand union service at the Congregational church. An immense attendance that filled the building, overflowing gathered at this time.

After the opening services the address of welcome was delivered by the Rev. A. C. Kempton of this city who gave a magnificent address. Mrs. Reed of Prescott, Wis., sang a vocal solo in a faultless manner.

The address of welcome was responded to by L. Williams of Chicago, state superintendent of Gideons for Illinois. He was followed by A. Anthony of Springfield, Ill., who made a fine address. He was followed by the male quartet with a well rendered selection. Then followed S. E. Hill of Beloit, national president, and R. L. Adams of Madison, vice president, with addresses that were well received. Mr. and Mrs. Reed of Prescott, Wis., sang a gospel duet, which was followed by an address by the Rev. R. C. Denison on the work of the Gideons.

Mr. Anthony of Springfield made a few more remarks and the rally was closed by a hymn by the audience joining in.

The Gideons are extremely well pleased with their rally in this city and expect to get a large number of new members during the coming season. The society started in this city and from nothing has grown into an organization of over eight hundred members scattered all over the country. They are doing immense good among the travelling men and are gaining strength every day.

BLACKSMITH SHOPS TO CLOSE

The blacksmith shops of the city will be closed all day Wednesday, October 17, on account of the horseholders' national convention, which takes place in Milwaukee that day.

GLORY OF THE ARMY.

Some of the Hollow Phrases Uttered
by Bourke Cockran at
Chicago.

As a purveyor of nothings, Bourke Cockran is second only to Mr. Bryan. In a recent speech at Chicago he said: "The glory of American soldiers has not been in the greatness, but in the smallness of their numbers."

That sounds well in a speech, but what are the facts?

In the war of 1812 we had 55,000 regulars and 471,922 volunteers in the field.

In the Mexican war we had 30,954 regulars and 73,776 volunteers.

The civil war called for over 2,000,000 men.

The Spanish war brought out an army of 219,029 men.

There is nothing small about these figures. The glory of the American army, at all times, has been its unflinching courage, its high morale, its devoted patriotism. Its recent record in China is the last laurel which it has won.

LARGE CROWD WILL GO TO HEAR HANNA

SPECIAL ON NORTHWESTERN
TAKES THEM TO MADISON.

Congressman H. A. Cooper Will Not
Speak Here Until Nov. 1—Gov.
Shaw of Iowa, Will Speak At
the Opera House Wednesday Even-
ing—Local Political News.

Indications are that a large crowd will go to Madison to hear Mark Hanna this evening. A large number of men have already made arrangements to go and the number who went to Belvidere will be small beside this one. The special train on the C. & N. W. R. R. will leave at 8:45 o'clock and accommodations have been made for all who wish to go. Arrangements have also been made at Madison so that the Janesville delegation will have a good place from which to hear the speaking. The train will leave for home about eleven o'clock and the trip will not be a very tiresome one.

Hon. Thomas S. Nolan, chairman of the Rock county republican committee, received a telegram this morning from the Hon. H. A. Cooper stating that in accordance with the request made by the Janesville republicans he had changed the date for his appearance in this city until November 1st. This is one week after the Honorable Robert M. La Follette appears at the Opera House.

Governor Leslie M. Shaw of Iowa, will be at the Opera House Wednesday evening and a large audience should be there to greet him. He is a fluent speaker, understands his subject, and will furnish a pleasant evening's entertainment to all who attend this meeting. Local republicans are also busy and are filling a number of engagements about the county and are attracting large audiences.

The campaign is commencing to warm up and from now on until election things will be at a boiling point. Both parties are making every effort to secure the best of speakers and large audiences greet them. The many questions to be solved during this campaign are arousing unusual interest.

LADON FAVORS THE LOCAL CLERKS

Agrees to Close His Store Evenings—
He Wants to Do What Is
Right.

It was left today to N. Ladon, proprietor of the Chicago Cloak and Fur House, to decide whether or not the local dry goods and several other stores would open their doors evenings until the holidays. Several days ago Mr. Ladon advertised to keep his store open evenings. At that time he did not know regarding the agreement of local merchants to close evenings except Wednesday and Saturday. Today a delegation of clerks from several of the stores, as well as merchants, called on Mr. Ladon and explained matters. As soon as he understood that a closing agreement was in force in Janesville, he readily agreed to the same. A Gazette representative called on Mr. Ladon today. Regarding the matter he said:

"I would not think of keeping my store open evenings, thus compelling other stores to do the same. That would make too many clerks work evenings. I think the average clerk now works hard enough for the pay he gets. I would not have advertised to open if I had known of this agreement. From now on until further notice, my store will be closed evenings with the other dry goods merchants. I have spent considerable money advertising the fact that I would keep open evenings, but as closing my store will benefit the laboring classes, I think closing the best policy."

I have come here to stay. My object is to make friends, not enemies."

Robert Simmons' Funeral

At the funeral service of Robert Simmons Sunday morning, Rev. J. T. Henderson officiated. Mrs. Anna Schumaker, Mr. and Mrs. Anson Poye and John Beiderman rendered the song service. The pall bearers were Masters Stuart, and Mural Oakley, Henry and Harold Root.

CLAIMS THE KLONDIKE.

Richard M. White Says Goldfields Are United States Territory.

Richard Maclelland White, explorer and miner, son of Richard Grant White of New York, has created a sensation on the coast by declaring that the whole of the Klondike is American territory. He first makes the point that the international boundary where the Alaska dispute is now going on cannot be less than ten marine leagues from the sea. He also contends as a result of this that the White Yukon valley, including the Klondike, according to the mountain summit scheme, should be part of Alaska proper and in the domain of the United States.

In an interview, according to a Vancouver (B. C.) dispatch to the New York World, he says: "As our British neighbors seem to be willing to adjust and to change boundary lines I think that it would be well to suggest that the whole question of boundaries be thrown open to settlement, and we should take all that part of Canada north of the United States and west of the divide (the Rocky mountains), including the islands of the coast in the Pacific ocean."

"This would give the United States not more than we are certainly entitled to, although for a period of time we have allowed the British to occupy and to collect taxes within it."

FIRST MEETING OF THE TWILIGHT CLUB

CHINESE QUESTION WILL BE
DISCUSSED TONIGHT.

Alex. E. Matheson Will Act As Leader—
Program For the Ensuing Year
Has Been Outlined—Club Has Made
Itself a Place in the Life of the
City.

The Twilight Club will hold its first meeting at the Hotel Myers this evening. Alex. E. Matheson will be the leader and the subject under discussion will be the Chinese question outlined as follows:

1. International Phases.
2. Government. The Dowager Empress. The "Boxer" Movement.
3. Missions.
4. Industrial, Educational and Moral Conditions and Possibilities of the Chinese.
5. Chinese Characteristics. Future of China. Attitude of United States Toward China.

The program for the ensuing year has been outlined as follows:

November—Co-operative Industries.
December—Qualifications of Voters and Methods of Voting in the United States.

January—The Book of the Day; or, the University of Wisconsin.

February—Abraham Lincoln.

March—Science.

April—Municipal Aesthetics.

The first meeting of the club was held on Oct. 13, 1896 and it has been progressive ever since. The club was organized with the hope that in a city the size of Janesville which numbers so many intelligent citizens there was interest enough in the serious discussion of ethical, political, social, and scientific questions of the day to warrant the maintenance of a club to meet once each month. The hope has resulted in fruition and the club has made for itself a distinct place in the life of our city.

The spirit of the club has been social as well as intellectual. It is the one place where all classes of intelligent men may meet for converse and the free exchange of opinions. The half hour before the supper has been a valuable time to most of the members in extending their acquaintance and unifying sentiment and action in the city. Although the club takes no part in politics, in municipal affairs or in reform of any kind, yet through the discussions of the club much has been accomplished for the good of the city.

The Twilight club will be addressed this evening at its meeting at the Myers House by President Eaton of Beloit College. President Eaton will take for his subject, "The Relations of the United States and China." He has made a study of this question while in China, and his address will be extremely interesting.

President Mitchell Sends a Telegram Informing the Strikers That the Grievances Are Not Settled—Announces That They Will Resolve Due Notice.

Hazleton, Pa., Oct. 15.—The first district convention to assemble since the close of the Scranton convention of the anthracite miners was held in Hazleton Sunday behind closed doors. The delegates to the Scranton gathering made their reports and the miners of this region voted to endorse the work of the main body. There was considerable discussion of the proposition to accept the 10 per cent advance, some favoring a higher rate. The men, however, do not believe that the trouble is yet over, and none of them will return to work until the word that a general settlement has been made goes out from headquarters. President Mitchell returns to Hazleton today to reopen his headquarters in the Valley house.

Mitchell Sends a Telegram.
President Mitchell has sent the following telegram to the miners through the anthracite region:

"Reports having been circulated in some sections that the strike is settled and men are expected to return to work you are hereby notified that no settlement has been made and no attention should be paid to any reports of this kind. When a settlement is effected you will be notified by circular under the seal of our organization and signed by the national and district officers."

JOHN MITCHELL.
President United Mine Workers of America.

The troops are still at Oneida, but the little town is as quiet as the grave and there has been no disorder of any kind since the shooting of Wednesday. The report that troops were to be sent to McAdoo has not been verified. The Scranton convention voted to accept the 10 per cent advance offered by the operators, but imposed the condition that other grievances must be submitted to arbitration.

It is evident from their reticence that the individual mine-owners are waiting to see what the large coal-carrying railroads that mine coal will do. It is reported in the coal region today that the presidents of these roads will hold a conference in New York for discussion of the action of the convention. There was a story afloat that the operators will accept the convention's decision, but nothing has come to the surface in this region on which to base the report.

During the winter of 1897 Mr. James Reed, one of the leading citizens and merchants of Clay, Clay Co., W. Va., stuck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whisky in bathing it, but nothing gave any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have to be amputated. Pain Balm is unequalled for sprains, bruises and rheumatism. For sale by Smith's pharmacy, opposite P. O. Kodak agents.

Four Die by Blazing Oil.
Holyoke, Mass., Oct. 15.—Ovide Berniche left his four children in bed and went out to buy Sunday's provisions. During his absence a lamp exploded and the blazing oil spread over the children's beds. All four were burned to death. The body of the eldest, a boy of 11, was found in the hallway with the body of his 5-year-old sister in his arms.

Gov. Richards in a Hospital.
Chicago, Oct. 15.—Gov. De Forest Richards of Wyoming, is at St. Luke's hospital suffering from inflammatory rheumatism. He was taken to the hospital last night from the Palmer house and today he was better. The condition of the governor is not dangerous, but it is expected he will have to remain in the hospital for some time.

Drowned on a Canoe Trip.
Ypsilanti, Mich., Oct. 15.—Ward Wood and Miss Abbi Cronin, two students at the state normal school, were drowned in Huron river yesterday. Their bodies were recovered today after a search of sixteen hours.

Bar-tenders on a Strike.
Murphysboro, Ill., Oct. 15.—An unusual strike began here. Every bartender connected with the thirty saloons of the city went out. They demand pay for overtime and picnic days.

Actor Becomes a Preacher.
New York, Oct. 15.—The Rev. Edwin Lee Tanner, formerly an actor, has just been ordained by the Rt. Rev. Frederic D. Huntington, bishop of Central New York.

"I wish to express my thanks to the manufacturers of Chamberlain's Colic, Cholera and Diarrhoea Remedy for having put on the market such a wonderful medicine," says W. W. Massingill, of Beaumont, Texas. There are many thousands of mothers whose children have been saved from attacks of dysentery and cholera infantum who must also feel thankful. It is for sale by Smith's pharmacy kodak agents.

Birthday Celebration

A large party of friends gathered at the home of Master Peter Hamlund, 15 Dixon street, Riverview Park last evening, it being the occasion of his twelfth birthday anniversary. The time was spent very pleasantly, engaging in various games, and at 10 o'clock dainty refreshments were served. The guests departed at 11 o'clock, after wishing Peter many happy returns of the day. He was the recipient of several presents.

PINEAPPLE PUDDING.—Whip the yolks of two eggs until light; add two heaping tablespoonsful of sugar and the juice and rind of half a lemon; soak half a cupful of stale cake crumbs—those of plain homemade loaf cake are the best—in one cupful of scalded milk. Add the eggs to the cake and mix well. To this add a cupful of cream whipped until very stiff and one cupful of shredded pineapple and mix in with the other ingredients. Bake in a pudding dish 30 minutes. Whip the whites of the eggs stiff, and when the pudding is done spread over the top. Place in the oven a few minutes to brown. Serve hot.

No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system, with very marked effect by way of improvement. We regard it a great tonic and blood purifier."—J. F. DUFF, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improves at once, strength returns, and nervousness vanishes as new rich pure blood, once more circulates through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

KABO STYLE 352

KABO STYLE 612

MISS DARNELL of the Chicago Corset Co. is at our store this week only, demonstrating the merits of the celebrated KABO CORSETS. This is a rare opportunity and if women only knew how much comfort it really meant they would not miss being properly fitted by a professional. The KABO CORSETS are based upon true anatomical lines as found best adapted to American women. They lend grace to any figure and when properly selected never fail to give satisfaction in every respect. There are no brass eyelets to corrode and soil dainty undergarments or to make bumpy ridges of lacings to be shown down one's back through the gown.

KABO STYLE 1800

KABO STYLE 600

Remember, Miss Darnell will only be with us until the 20th. Every lady in Janesville and vicinity is cordially invited to call, examine Corsets and be fitted. We have a full line and the newest and latest things in straight front, gored, bias cut Corsets.

Also ask to see the Kabo Bust Perfector and Kabo Girdle.

CONTRASTED WITH MEXICO.

Laborers in the Free Silver Republic Unable to Buy Provisions.

Free silver and its effects are best seen in contrast with conditions that prevail at El Paso, Tex. R. F. Campbell, who was one of the few republicans ever elected mayor of El Paso, supplies these comparative prices, which show how labor fares under free silver. It must be remembered that the Mexican prices are given in Mexican money:

	United States.	Mexico.
Day laborers.....	\$1.25 to \$2.00	19 to 25
Miners.....	1.50 to 2.00	50 to 1.50
Bacon, per pound.....	11	30
Ham, per pound.....	15	30
Salt, per pound.....	1	7
Molasses, per gal.....	55	1.60
Candles, per lb.....	4	9
Sugar, per pound.....	6	15

The Mexican laborer receiving such small wages is unable to buy little if any provisions. In the words of the late Mexican minister Romero, "he will live on ten and twenty cents a day. Of course, he will have his little patch of corn, beans and chiles planted near his hut, and these form the largest part of his bill of fare three times a day for 365 days in the year. Five or ten dollars per year will clothe him, except perhaps his hat, and for that he will, if he can get the money, pay from five to twenty dollars."

Farmers know that with laborers living in that manner, the home market will be cut off. Free silver means a condition of distress among the working people of this country never before known. As long as the farmer knows the city wage-earners are satisfied, he knows that there will be good prices for all farm products. And that is why the farmers of this country are with the McKinley administration.
